This not only reduces shipping fees but also minimizes environmental impact and simplifies package tracking. **How Consolidated Shipping Discounts Work**

- **Combine orders:** Add multiple items—such as Phentermine, vitamins, supplements, or family prescriptions—to your shopping cart in a single order.
- **Bulk shipping rates:** The pharmacy calculates a discounted shipping rate based on the combined weight and destination, passing the savings on to you.

Many value-club pharmacies offer tiered shipping discounts, with greater savings for higher item counts or larger order totals. This is especially cost-effective for households with recurring medication needs.
